THE UNIVERSITY OF SYDNEY FOUNDATION PROGRAM (USFP) 2015
"Sydney is a wonderful destination for international students. People from all over the world have made Sydney their home so students from overseas are made to feel most welcome. The college is located very near to the city centre and major universities, including our partner one, the University of Sydney, so students have every opportunity to experience both university life and Sydney’s many attractions."

Chris Norton
Taylors College Principal, Sydney

“Students and researchers come to the University of Sydney from all over the world to prepare for a life of challenge and change. The diversity of our students and staff is matched by the wide range of courses we offer – we stand out among Australia’s leading universities in the breadth of subjects you can study here. The University of Sydney is the institution of choice for more than 10,000 international students from 152 different countries.

The University of Sydney Foundation Program USFP, offered in partnership with Taylors College Sydney, provides an ideal preparation for our undergraduate programs. By choosing this pathway you will have the chance to join many of the finest students and teachers in the world in one of the world’s leading universities.”

DR MICHAEL SPENCE
VICE-CHANCELLOR AND PRINCIPAL
The University of Sydney is one of Australia’s largest and most prestigious universities. Established in 1850, it is Australia’s first university, and a member of the Group of Eight, Australia’s premier research-intensive universities.

The University of Sydney is ranked in the top 100 universities in the world and among the top three in Australia. Our current enrolment of more than 51,000 students (including more than 10,000 international students representing 152 nationalities), enjoy an academic experience of the highest quality.

We are located in Sydney, Australia’s most dynamic, exciting and culturally diverse city. Heritage-listed sandstone buildings stand side by side with ultramodern sophisticated ones on our main campus, which is surrounded by green park lands. We are conveniently situated within close proximity to the city’s central business district as well as Sydney’s stunning ocean beaches.

Our academic and teaching resources include Australia’s largest university library, and state-of-the-art technical, computing and research facilities. We offer the widest range of research programs in Australia and we are one of the top recipients of Australian government research funding. Our alumni can be found in prominent and influential positions in both the public and private sectors across the world.

Our faculty is a mix of local and internationally recruited academics with extensive teaching, business and industry expertise. They bring years of knowledge gained from research in their respective fields into the classroom, providing students with a stimulating academic environment. We have an exceptional staff/student ratio with smaller, more personal classes, allowing our lecturers to cater to students’ individual needs. The extracurricular sporting and recreational amenities and clubs and societies available to our students are second to none. Our student support services have been rated as the best at any Australian university.

Since its inception, the University of Sydney has built an enviable reputation for quality, credibility and integrity, and is held in high esteem by students, staff, alumni, business, industry and government. We are committed to maximising the potential of everyone in the global community we serve, seeking to develop curious minds that embrace challenge and change. We seek knowledge, reveal new perspectives and devise solutions. Over the past 160 years, we have maintained a long and proud tradition of excellence in education, and we are relentless in our efforts to provide a fertile environment where the brightest minds flourish.

“My experience in USFP was enriching in so many ways. The teachers equipped me with a wide range of skills to succeed at the University of Sydney but also further in the future. I had the chance to establish solid friendship with students from different countries. I believe this experience is essential for all the future global leaders. After I graduated, I felt I could fulfil my dreams.”

JANET CHOI FROM SOUTH KOREA

WHY STUDY THE UNIVERSITY OF SYDNEY FOUNDATION PROGRAM (USFP)?
taylorscollege.edu.au/usfp

The University of Sydney Foundation Program (USFP) offers you a comprehensive range of key benefits which ensure you achieve the strong academic foundation you need to successfully progress into the University of Sydney.

**A GUARANTEED PLACE AT THE UNIVERSITY OF SYDNEY**
As a USFP student, you are guaranteed a place in the undergraduate course of your choice at the University of Sydney.*

**HIGH PROGRESSION RATE**
Nearly 100% of USFP students go on to study at a tertiary institution upon graduation.

In 2013, our year end graduating students achieved the following results:
- 90.1% received offers to the University of Sydney
- 90.6% achieved a GPA greater than 6.5

**TOP PERFORMERS (ACHIEVING A GPA OF 9.3 OR GREATER)**

* Subject to meeting all entry requirements and achieving the necessary grades.

**WE HAVE OVER 90 YEARS OF EXPERIENCE**
Taylors College has been providing world-class education to students for over 90 years, allowing them to go onto university to study the degree they always wanted. You too can be part of this success.

**A SMOOTH TRANSITION TO UNIVERSITY**
Our teaching approach allows you to adapt easily to the Australian tertiary academic system, ensuring you achieve your very best.

At USFP you will learn how to study independently, work in groups, become leaders, conduct research and deliver presentations – all the skills necessary for success at university.

**FLEXIBLE STUDY OPTIONS – CHOOSE THE SUBJECTS YOU WANT**
Students have the opportunity to choose subjects that will prepare them directly for university success as well as those subjects that may be of wider interest.

**CHOICE OF PROGRAMS AND UNIVERSITY FACULTIES**
We offer a range of start dates and programs throughout the year to suit your timing, your academic level and your planned university degree.

**HIGHEST QUALITY EDUCATION**
The combined educational expertise of both the University of Sydney and Taylors College has been employed to create this foundation program – providing you with the perfect academic stepping stone into university-level studies.

**QUALITY ASSURANCE**
The University of Sydney Foundation Programs (USFP) meet the requirements for Foundation Programs which have been registered on CRICOS for delivery in Australia to overseas students providing an academic preparation for students seeking entry to first year undergraduate study or its equivalent.
SYDNEY – A WORLD CLASS CITY
taylorscollege.edu.au/sydney

SYDNEY
Set around a beautiful natural harbour, Sydney provides a spectacular backdrop for your study.

With a great mix of stunning natural sights like our world-famous beaches and parks, to the iconic Opera House and Harbour Bridge, Sydney has something for everyone to enjoy. Bask in the perfect lifestyle that Sydney has to offer.

KEY FACTS ABOUT SYDNEY
– Population: 4.6 million
– Australia’s oldest and largest city
– Rated as one of the top cities in the world to live*
– Voted most popular city in the world for international university students#
– Contains two of the world’s most recognisable icons – the Sydney Opera House and the Sydney Harbour Bridge.
– The economic hub of Australia
– Relatively low unemployment rate of 5.8%^*
– Weather: Temperatures in Summer range between 14°C (57°F) to 25°C (77°F) on average, and 7°C (45°F) to 14°C (57°F) on average in Winter.

A VIBRANT CITY OF CULTURE
Sydney hosts world-class exhibitions at institutions such as The Australian Museum and Art Gallery of New South Wales. There are also regular performances of ballet and opera at the famous Opera House, and plays at the Sydney Theatre Company.

WORLD-CLASS FOOD
Enjoy a meal at some of Sydney’s famous ‘eat streets’ which have a truly global range of cuisines including African, Greek, Lebanese or Thai.

At Bondi, Manly or the northern beaches, you can dine with glorious sea views of the blue Pacific Ocean at coastal restaurants and cafes. In the cobbled streets of the colonial Rocks area, you’ll find some traditional Australian food in one of the famous pubs.

In our bustling China Town, you can get an authentic bite to eat.

SPECTACULAR NATURAL SURROUNDINGS
Sydney is rightly famous for its amazing beaches. Enjoy the Manly or Bondi beach culture or view the city sights by taking a ferry across the brilliant harbour.

There are great coastal walks along our waterways and bushland, where there’s a chance to see some native animals.

The national parks are perfect for riverside picnics, surfing, cliff top walks or cycling along rainforest tracks.

ACCOMMODATION IN SYDNEY

A range of accommodation options are available to you while you study with us, including student residences, Homestay or rental houses or apartments.

Our College Accommodation Coordinators can provide you with assistance in finding a place to live if you need it.

Student residences

If you prefer to live more independently and are over 18 years old, then student residences are a good choice. Here you can enjoy living with other students in ideal locations that are close to everything you need.

Residences also provide you with a range of options for catering and levels of accommodation to meet your budget.

Homestay

An alternative accommodation option is Homestay, which involves staying in a private home as the paying guest of a host.

Our carefully selected hosts are experienced in looking after overseas students, and have been given police clearance. All homes are inspected before students are placed.

Staying with a Homestay host is a great way to immerse yourself in the traditions and culture of this country. Since English will be primarily spoken, it will be a perfect opportunity to develop your skills in this language.

Rental houses or apartments

If you prefer to live in a house or apartment, we can assist and advise you on rental or other accommodation options close to our campuses.

For information about current rental properties, visit:
- domain.com.au
- realestate.com
- flatmatefinders.com.au

Note: All costs are estimates only and correct at time of printing – subject to change without notice. All costs are in Australian dollars. To convert to your own currency, please visit: xe.com. For more information on living costs in Australia and the minimum financial requirements to receive a student visa please visit: studyinaustralia.gov.au/global/live-in-australia/living-costs

* The living costs for a single person in Australia are $18,610 per year. Any school-aged dependants accompanying overseas students to Australia will be required to pay full fees if they are enrolled in either a government or non-government school.

* 2014 International Student Travel Program.
“I’ve always wanted to study aircraft so after high school I came to Australia and studied USFP to increase my chances to enter the University of Sydney. USFP was an excellent transition to university life. I have now graduated as an Aeronautical Engineer from the University of Sydney and work as a Component Engineer – Mechanical for a global company based in Australia.”

THILAN MADURANGA HETTIARACHCHI
FROM SRI LANKA
USFP GRADUATE
WHERE WILL I STUDY?
taylorscollege.edu.au/usfp

STATE-OF-THE-ART FACILITIES
Our purpose-built campus features the latest facilities, including:
– A health centre
– A reference and borrowing library
– Art and design studios
– Computer access rooms
– Computer and science laboratories
– Interactive whiteboards
– Music suite/practice rooms
– Student common rooms
– Telescopes for astronomy

GREAT SYDNEY LOCATION
Our Waterloo location is a short distance to the city centre, providing you with easy access to the many attractions and services on offer.
Bus services are available from outside the building and Green Square train station is a short walk away, so you can be at home, work, or out with friends in no time at all.

REGULAR FUN ACTIVITIES
We place special emphasis on a healthy balance between academic and social development, with dedicated staff organising a range of vibrant programs and activities in which you are encouraged to get involved.
Our sports and college community events are a great way to meet new people and learn more about them. Cultural visits and College excursions are also built into the academic program.

AIRPORT TRANSFER
For your peace of mind, Taylors College can organise for you to be met on arrival at Sydney International Airport. You will be given a 24-hour phone number in case of changes to your flight details.
Please advise us in advance if you require this service.

Taylors College Sydney has been at the forefront of education since 1920. Our unique approach has made us Australia and New Zealand’s leading university preparation college.
At Taylors College we provide you with a range of services to ensure you receive the very best care whilst you are away from home.

SERVICES TO HELP YOU WITH YOUR ACADEMIC STUDIES

Study Smart
Study Smart is the industry-leading e-learning, learning management system used by Taylors College. It allows teachers to provide web-based learning activities and course materials designed specifically for your needs. You will also be able to interact and share information with your fellow classmates. Study Smart promotes direct and rapid communication with students.

Study Guides
Study Guides give you the crucial extra study material you need by guiding you through the content of your course. This comprehensive series of booklets will provide details of curriculum and assessment tasks, supplementary course materials, learning support, additional exercises, practice examinations and much more.

Latest Technology
Interactive whiteboards have also been fitted in most classrooms at the campus. Substantial student computer access facilities and Wi-Fi technology are available for students’ convenience. iPads can be borrowed from the library. You will benefit from a dynamic learning environment, combining the latest technology with modern teaching methods.

Tutorial Groups
Free tutorials are timetabled daily for each subject which give you extra help from teachers on an individual or small-group basis.

The Library
Taylors College library provides an extensive selection of online and offline resource materials. The library online services include access to sample exam papers, databases, links to useful websites, regular news updates, galleries of new resources and more, to support your research activities. As a USFP student, you are entitled to community membership of the University of Sydney Libraries. This enables you to borrow books from their extensive collections, giving you access to quality research materials.

HEALTH AND WELFARE SERVICES

Health Facilities
We have qualified staff on duty in our well-equipped health centre on campus so you can maintain your health at all times.

Personal Counselling
Personal counselling services are available to advise and assist you with your study, health, career and personal issues.

Supporting Under 18’s
If you are under 18 years of age, you may have a Caregiver who will keep in regular contact and liaise with the College and your parents, reporting on academic progress or any concerns regarding your health and after hours activities. You will also receive extra support from our Student Advisers. As an under 18 student you must stay in approved accommodation.
Studying USFP will give you the skills and preparation you need to successfully obtain a degree from Australia’s first and most experienced university.

ACHIEVE THE RESULTS YOU WANT WITH OUR UNIQUE APPROACH

Academic cooperation with the University of Sydney
The University of Sydney oversees the setting and moderating of all examinations, so students are assured of the highest quality assessment.

Assistance and understanding progress
Our staff are highly skilled in dealing with the needs and requirements of international students. They will assist you to organise your studies, to select the right university course and with any difficulties you may encounter whilst living away from home.

Feel ‘at home’ when studying with us
Our experienced staff will assist you to settle into life at Taylors and in Australia, offering you the support and regular assurance you need to achieve your academic best.

With students from many different countries and cultures, we provide an environment that respects everyone while accommodating your individual needs.

We ensure you are on track
Each USFP intake has a Student Adviser who is available to help with any academic or personal problem.

Our staff including the Student Advisers, Associate Dean, Careers Advisers and Dean of Students will regularly monitor your attendance and academic progress.

Your health and wellbeing is our top priority
As well as our highly skilled teachers, we have the following professionals on site to assist you:
– welfare counsellors
– nurse
– first-aid officers.

Our health centre is open every teaching day should you require it and we also provide you with a 24-hour emergency telephone number.

Guidance with university placement
Our Career Advisors are available on campus to provide you with course and careers advice for the future. It is not enough to simply achieve good grades in USFP – you will need the right information and advice to help you make the best decision about your next academic steps.

Our staff will talk you through all the options and provide quality information and direction.

Meet your future lecturers
University of Sydney lecturers, many of whom are experts in their field, come to Taylors College. At these sessions you will be able to ask questions and find out more about courses available to you.
“There is immense support from all USFP staff to ensure that you are fully prepared for university. The curriculum was relevant to my tertiary studies and the teachers were able to clarify concepts that I have previously studied but did not fully understand.”

HOI YING CHAN
FROM HONG KONG
USFP GRADUATE
Your most effective path to a University of Sydney degree is through the University of Sydney Foundation Program (USFP). It is a rigorous, focused program that provides you with the right training for university.

A CHOICE OF PROGRAMS

Depending on your previous achievements and our requirements, you can choose the right program length and start date for you.

Standard Program (40 weeks)
The Standard Program takes 40 weeks to complete. In this 40 week period you will study a regular pattern of ten subjects, each one for five hours a week, a total of 25 hours of class time per week.

Intensive Program (30 weeks)*
In the Intensive Program, you will study almost the same number of hours as students who enrolled in the 40 week Standard Program. However, your timetable will be arranged so that you can complete the course over a shorter period. You will have 30 hours of class time per week. Therefore, these intakes have a higher English language entry requirement (refer to entry requirements on page 23). Subject choice in the first study period is limited.

Extended Program (59 weeks)
The Extended Program takes 59 weeks to complete. In the first 19 weeks you will study Extended English, Australian Identity, Essential Computing Skills and the Essential Student Skills Course, PLUS two subjects from the standard 40 week course. At the end of the first 19 weeks you must pass Extended English, and meet the academic requirements of the Subjects to continue with the remaining 40 weeks of the program.

ASSESSMENT OF ENGLISH LANGUAGE

English language proficiency is assessed within the program and each student is awarded a grade from A to F. The C grade is the minimum required for entry to the University of Sydney.

ASSESSMENT OF ACADEMIC PROGRESS

Academic progress is assessed throughout each term and in final examinations at the end of each semester. Your performance is carefully monitored and you will be given regular feedback on your progress. Final assessment includes a mixture of coursework and tests.

ASSESSMENT OF GRADE POINT AVERAGE (GPA)

You will receive a grade for each subject, other than English, assessed on a 10-point scale. An average score (GPA) is calculated across all subjects except English Language. Your GPA is the average of your eight different subjects.

Note: the Essential Computing Skills course is compulsory but are not a component of the GPA.

USFP FINAL GRADES

University entry is based on two separate results:
1. A letter grade for English
2. A Grade Point Average (GPA) for your other eight subjects

# USFP STANDARD AND INTENSIVE PROGRAM STRUCTURE

**Step 1.** Choose the course/s you wish to study at the University of Sydney and from the table below choose the Stream (Area of Study) consistent with the course/s.

**Step 2.** Identify the Compulsory Core subjects in the chosen Area of Study.

**Step 3.** Choose 1 subject from the list of subjects in Group 1. Use the “Recommended Subjects” for each undergraduate course offered as listed on pages 16-19 to help guide your choice.

**Step 4.** Choose 1, 2 or 3 subjects from the list of subjects in Group 2. These subjects are available to students in all Streams.

**Step 5.** A total of 10 subjects (OR 8 subjects (4 pairs) plus 2 minors) must be studied. Each subject is studied for 5 hours per week. A minor is a subject only studied for one semester.

Essential Computing Skills is studied for 10 hours and Study and Life Skills sessions occur during student meetings.

### STREAM (AREA OF STUDY)

<table>
<thead>
<tr>
<th>STREAM (AREA OF STUDY)</th>

---

Science laboratories
ENGLISH
University Preparation English A & B
The subject provides training in the English language. The courses aim to enhance the students’ speaking, reading, writing, and listening comprehension skills in the language. These skills provide students the essential academic level required to study at university.
Topics include:
- Language skills, including oral presentations, academic writing, advanced reading and comprehension and active listening to lectures, expository writing
- Advanced study skills for academic achievement including analysis of learning styles, critical analysis, independent learning, time management, research and referencing and project management of group assignments.
Assessment: 50% coursework and 50% examination results.
Prerequisite: English A is a prerequisite for English B.

ACCOUNTING
Accounting A
The aim of this subject is to provide students with a basic understanding of the accounting process.
Topics include:
- Basic accounting concepts
- Double-entry bookkeeping
- Financial accounting reports
- Cash flow analysis.
Assessment: 50% coursework and 50% examination final results.
Prerequisite: Nil.
Accounting B
The aim of this subject is to provide students with a basic understanding of the management accounting.
Topics include:
- Budgeting
- Ratio analysis
- Accounting principles
- Accounting standards and ethics.
Assessment: 50% coursework and 50% examination final results.
Prerequisite: Accounting A.

AUSTRALIAN STUDIES
Australian Studies A – Environmental Studies
This subject explores the diversity of Australia’s physical environment and the ways people cope with, impact on, and manage these environments (Bushfires, Floods). This course will help students develop a more informed perspective on a range of issues (Bushfires, Floods). This course will help students develop a more informed perspective on a range of issues.
Topics include:
- Contemporary issues in the Australian environment
- Weather, climate and hazards of the Australian environment
- Issues and case studies in the Australian environment.

Australian Studies B
Australian Studies B gives students insight into Australian History including the early experiences of Aboriginal lifestyle, conflict with European and Asian settlers post 1788, and Federation of modern Australia. Students are given the opportunity to further explore relevant areas of interest and develop skills in research presentations.

Chemistry A
Chemistry assists in the development of a basic understanding of the fundamental concepts in inorganic, organic and physical chemistry. It also assists students to develop the laboratory and process skills needed for an undergraduate study of Chemistry.
Topics include:
- Properties of matter
- Basic chemical reactions
- Introduction to stoichiometry
- Structure and bonding.
Each topic is accompanied by practical work and practical work assessments.
Assessment: 50% coursework and 50% examination results.
Prerequisite: Year 11 Chemistry or equivalent.
Co-requisite: At least Mathematics for Humanities A, however Mathematics for Science B is recommended.

BIOLOGY
Biology A
The aim of this subject is to introduce students to the fundamental concepts and processes associated with living organisms. The students are then led from this basis to a study of the diversity of life and ecology. Students will develop an understanding of the origin of life and ecology. Students will develop an understanding of the origin of life and ecology. Students will develop an understanding of the evolution and uniqueness of the Australian biota. Throughout the course the students are introduced to practical, research, analysis and presentation skills underpinning this subject.
Topics include:
- Cells
- Classification
- Evolution
- Mendelian Genetics
- Genetic Engineering.
Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.
Biology B
The aim of this subject is to introduce students to the structures, processes and systems in plants and animals in an Australian context. Through the study of the origin of life and ecology students will develop an understanding of the evolutionary uniqueness of the Australian biota. Throughout the course the students are introduced to practical, research, analysis and presentation skills underpinning the study of this subject.
Topics include:
- Plant and animal systems
- Ecology
- Origin of life
- Continental drift
- Biochemistry.
Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

CHEMISTRY
Chemistry A
Chemistry assists in the development of a basic understanding of the fundamental concepts in inorganic, organic and physical chemistry. It also assists students to develop the laboratory and process skills needed for an undergraduate study of Chemistry.
Topics include:
- Additional chemical reactions
- Reaction stoichiometry
- Organic chemistry
- Energy and electrochemistry
- Equilibrium, acids and bases.
Each topic is accompanied by practical work and practical work assessments.
Assessment: 50% coursework and 50% examination results.

ECONOMICS
Economics A (Microeconomics)
This subject provides an interesting insight into the operation and regulation of the modern market-based economy. It deals with the main market models and the government policies necessary to regulate them. After completing the subject, students should have a good understanding of the operation of the market economy and the implications of and need for government intervention into the free market.
Topics include:
- The Economic Problem
- Demand & Supply
- Elasticity
- Government Intervention
- Theory of the Firm
- Returns to Scale
- Markets.
Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.
Economics B (Macroeconomics)
This subject provides an overview of the operation of the economy and the sectors and institutions within the economy. It explains the underlying reasons for the contraction and expansion of economic activity, the main economic goals or policy targets and the policy instruments used to achieve them. After completing the subject, students should have a good understanding of the need for macroeconomic management and the likely policy response to potential macroeconomic problems.
Topics include:
- Circular flow of Income
- Income & Expenditure Analysis
- Economic Issues
- Economic Policy
- International Trade.
Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

FOUNDATIONS OF SOCIAL SCIENCE
The aim of the subject is to introduce students to concepts of personal development, social change and research skills. This subject is an introduction to Psychology and Sociology at university.
Topics include:
- Introduction to development theories used in the future study of Psychology and Sociology
- The “nature-nurture debate”
− Socialisation agents in the development of a 
  personal identity
− Social theory development to explain the aspects 
  of change in communities and why some social 
  elements of society remain unchanged
− Students will develop skills in using a range of 
  research methodologies and apply these to their 
  chosen Personal Interest Project. This project is 
  developed over a 20 week period and results in a 
  5,000 word report (finalised in Foundations of 
  Social Science B) and equips student with a sound 
  basis for researching and writing long essays and 
  dissertations at university level.

Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

Foundations of Social Science B
This subject builds on the Personal Interest Project 
started in the Foundations of Social Science. A 
particular focus at this stage is writing commentaries 
on primary research data and culminating all research 
into a final report/essay. There is a strong emphasis 
on development of strong writing skills at this stage. 
Topics include:
− Revision of essential research methodologies
− Inequality and Difference – where students learn 
  about issues of discrimination and the effects of 
  discrimination on different communities
− Religion and belief – this shows that there are 
  both religious and non-religious belief systems 
  and helps students to explore similarities between 
  belief systems and to appreciate the importance of 
  tolerance in a multicultural world.

Assessment: 60% coursework and 40% examination results.
Prerequisite: Foundations of Social Science A.

FOUNDATIONS 
OF VISUAL ARTS AND DESIGN

Foundations of Visual Arts and Design – Elective A
This subject introduces students to a wide variety 
of media and art making techniques. It is designed to 
courage and develop creative problem solving, 
research methods, art making skills, designing, 
independent organising and critical thinking in art 
making, art theory and history of art and design.

Approximately 60% of class time is devoted to 
practical art making.

Topics include:
− Drawing
− Printmaking
− Painting
− Digital art and design
− History and Critical Theory of Art and Design

Assessment: 50% Art making and 50% examination.
Prerequisite: Nil.

Foundations of Visual Arts and Design – Core A
This subject is intended for students who are 
interested in Visual Arts and Design for their tertiary 
studies. Students are introduced to a wide variety of 
media and art making techniques. It is designed to 
courage and develop a greater depth of creative 
problem solving, research methods, art making skills, 
designing to a brief, independent organising and 
critical thinking in art making, theory and history of 
art and design.

Topics include:
− Drawing
− Printmaking
− Painting
− Digital art and design
− History and Critical Theory of Art and Design

Approximately 60% of class time is devoted to 
practical art making.

Assessment: 50% Art making and 50% examination.
Prerequisite: Nil.

Co-requisite: Foundations of Visual Arts and Design 
Elective A.

Foundations of Visual Arts and Design – Elective B
This subject is designed to extend the skills developed 
in Elective A, techniques, critical language and 
understanding of art works gained in Foundations of 
Visual Arts & Design A. Students will develop a body 
of work in their preferred form based on the research 
of influencing artists and designers, concepts, 
techniques and media. Approximately 60% of class 
time is devoted to practical art making.

Topics include:
− Design
− Computer Generated Imagery
− History and Critical Theory of Art and Design
− Developing a body of work
− Developing a portfolio of art work.

Students will produce a body of work in Visual Arts 
which may include: painting/drawing/printmaking/
sculpture/photography/digital media/installation etc.
Students will produce a body of work in design and 
select from: architectural design/textiles/fashion/
interior design/industrial design/graphic design etc.

Assessment: 50% Art making and 50% examination.

Prerequisite: Foundations of Visual Arts & Design – 
Elective A.

Note: The final body of work and the portfolio is 
assessed by Taylors College and the Sydney College of 
Arts (Sydney University).

Foundations of Visual Arts and Design – Core B
This subject is designed to extend the art making 
skills, techniques, critical language and understanding of 
art works gained in Foundations of Visual Arts & 
Design – Core A and who are who are undertaking 
Foundations of Visual Arts & Design – Elective B. 
Students will develop a body of work in their 
preferred form based on the research of influencing 
artists and designers, concepts, techniques and 
media. Approximately 60% of class time is devoted to 
practical art making.

Topics include:
− History and Critical Theory of Art and Design
− Digital art and design
− Developing a body of work
− Developing a portfolio of art work.

Students will produce a body of work in Visual Arts 
which may include: painting/drawing/printmaking/
sculpture/photography/digital media/installation etc.
Students will produce a body of work in design and 
select from: architectural design/textiles/fashion/
interior design/industrial design/graphic design etc.

Assessment: 50% Art making and 50% examination.

Prerequisites: Foundations of Visual Arts and Design 
− Elective A and Foundations of Visual Arts & Design 
− Core A.

Co-requisite: Foundations of Visual Arts and Design 
− Elective B.

Note: The final body of work and the portfolio is 
assessed by Taylors College and the Sydney College of 
Arts (Sydney University).

GOVERNMENT, LAW 
AND INFORMATION

Government and Law A 
(Development of Australian Law)
This subject gives students an understanding of the 
influence of the British parliamentary system on 
the development of Australian law and the system of 
government as it now exists. It also gives an 
introduction to the criminal justice system operating 
in Australia.

Topics include:
− Basic Legal Concepts: Customs, rules, laws
− Sources of Contemporary Australian Law: 
  Aboriginal and Torres Strait Islander Customary 
  Law before 1788, Common Law, Statute Law, the 
  Constitution, Common and Civil Law systems
− An exploration of the criminal justice system 
  operating in Australia: the nature of crime, 
  parties to a crime, categories of crime, the court 
  hierarchy, the criminal trial process, sentencing and 
  punishment.

Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

Government and Law B (Issues in the Law)
This subject introduces students to current issues 
related to the protection and enforcement of human 
rights and the effectiveness of legal and non-legal 
measures in promoting peace and resolving conflict 
between states.

Topics include:
− The nature and development of human rights
− Promoting and enforcing human rights
− Examples of contemporary human rights issues: 
  child soldiers and human trafficking and slavery
− The nature of world order
− Themes and challenges for world order and 
  responses to world order.

Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

Prerequisite: Government and Law A.

INFORMATION TECHNOLOGY

Software for Business (IT Module A)
This subject complements the theory attained in 
an accounting/business course by providing the 
technical skills used to customise application 
programs. It’s a ‘hands-on’ subject that will show you 
how to setup an internet-based company effectively 
using software. The module will draw upon students’
artistic skills required in product marketing, their 
design skills used in web-page creation, and their 
modelling skills in representing existing businesses.

Topics include:
− Marketing through multimedia techniques
− Business modelling by creating customised 
database applications
− Financial analysis using spreadsheet template
− Ecommerce using web development tool

Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

Software for Programmers (IT module B)
This subject will appeal to creative students wishing 
to create their own software. Students will learn 
screen design and how to write the actual program 
‘code’ using common programming languages. They 
will use techniques found in both traditional 
and modern development approaches.

Topics include:
− Development approaches
− Analysis and design
− Code and testing
− Develop a complete software package, eg a game.

Assessment: 60% coursework and 40% examination results.
Prerequisite: Nil.
INTERNATIONAL STUDIES

International Studies A – Politics
International Studies A is an introduction to International and Global politics in the modern world. The subject explores the factors that shape the main concepts and themes in global politics and teaches research and analysis skills to help students prepare for university study. Students are expected to prepare and present regular student seminars which will assist development of oral and presentation skills.

Areas to be investigated include:
- Origins of the sovereign state
- Evolution of the system of states to 1900: war, trade and imperialism
- World Wars I and II
- Cold War to Decolonisation
- Post- Cold War and contemporary era.

Assessment: 60% coursework and 40% examination results.
Prerequisite: Nil.

International Studies B – Economics
International Economics is a subject that prepares students for further study in International Economics or Business, International Studies, Arts Economics, or Political Economy. The subject is non-mathematical and focuses on problem solving questions rather than essay style questions.

Students are introduced to many of the problems faced by international business: dealing with exchange rate risk, arranging finance for overseas operations and negotiating the various logistical problems associated with underdeveloped regions. This course could be your gateway into a career in international business.

The subject is very practical and uses many case studies of international businesses and countries. Students may be able to focus on their home country whilst being able to learn about many other regions of the world.

Topics include:
- Globalisation
- Economic Development
- International Trade
- Foreign Exchange
- Global Financial Markets.

Assessment: 50% coursework and 50% examination results.
Prerequisite: Nil.

MATHEMATICS

Mathematics for Humanities A
This subject is intended to give students an understanding of, and competence in, aspects of Mathematics that are applicable to the real world. It provides students with the background and skills necessary for university study requiring a high level of mathematics.

Mathematics for Humanities A may be studied as a minor.

Topics include:
- Basic Arithmetic and Algebra
- Functions and Quadratic Functions
- Calculus
- Trigonometry.

Assessment: 40% coursework and 60% examination results.
Prerequisite: Year 11 Mathematics or equivalent.

Mathematics for Humanities B
This subject extends the mathematical studies of Mathematics for Humanities A with particular emphasis on applications to problems in Economics and Finance.

Topics include:
- Further Trigonometry
- Logarithmic and Exponential Functions
- Sequences and Series
- Financial Mathematics
- Applications of Calculus to Economics
- Statistics
- Probability.

Assessment: 40% coursework and 60% examination results.
Prerequisites: Mathematics for Humanities A or Mathematics for Science A.

Mathematics for Science A
This subject is intended to give students an understanding of, and competence in, aspects of mathematics that are applicable to the real world.

Mathematics for Science A may be studied as a minor.

Topics include:
- Basic Arithmetic and Algebra
- Functions and Quadratic Functions
- Polynomials
- Calculus
- Further Calculus
- Trigonometry.

Assessment: 40% coursework and 60% examination.
Prerequisite: Year 11 Mathematics or equivalent.

Mathematics for Science B
This subject extends the mathematical studies of Mathematics for Science A with particular emphasis on applications to physical problems.

Topics include:
- Further Trigonometry
- Logarithmic and Exponential Functions
- Sequences and Series
- Further Calculus
- Applications of Calculus to the Physical World
- Counting Techniques and Probability.

Assessment: 40% coursework and 60% examination.
Prerequisite: Mathematics for Science A.

Advanced Mathematics A
The Advanced Mathematics course is designed for students with a special interest in mathematics who have shown that they possess special aptitude for the subject. It provides students with the background and skills necessary for university study requiring a high level of mathematics.

Advanced Mathematics A may be studied as a minor, subject to the prerequisite below.

Topics include:
- Complex Numbers
- Matrices
- Vectors
- Mathematical Induction
- Advanced Trigonometry.

Assessment: 40% coursework and 60% examination.
Prerequisites: Students must achieve a high standard in the Mathematics test held during Orientation at the College and be concurrently studying Mathematics for Science A or have achieved a high level in Mathematics for Science A.

Advanced Mathematics B
This subject extends topics from the core Mathematics for Science course. The material is treated in considerable depth. Advanced Mathematics B may be studied as a minor, subject to prerequisites below.

Topics include:
- Advanced Graphing Techniques
- Further Integration
- Advanced Applications of Calculus
- Volumes
- Further Induction
- Binomial Theorem
- Further Counting Techniques.

Assessment: 40% coursework and 60% examination.
Prerequisites: Advanced Mathematics A or high achievement in Mathematics for Science A and completion or concurrent study of Mathematics for Science B.

MEDIA STUDIES AND COMMUNICATION

If you are interested in language and how texts work, and how your knowledge and understanding of language and the media world can put you in a powerful position then this subject is for you. Equally, if you wish to enter the world of public relations and the mass media, journalism, TV, radio, film and digital media then this subject is also for you.

Media Studies and Communication A
In this subject we examine the meaning of language, media and communication. These are frequently used terms, but we learn their complete meaning and powerful function.

Then we turn to the media specifically and take a historical view of the print media in Australia; we compare newspapers and magazines and who owns these and the significance of ownership. The emergence of digital media is another important part of this course.

Topics include:
- Language and communication, text and context, different types of texts for different purposes (genre), history and comparison of newspapers and magazines, media ownership and digital media.

Assessment: 50% coursework and 50% final examination.
Prerequisite: Nil.

Media Studies and Communication B
In this subject we focus on the ethical issues facing the media. We take an in-depth look at newspapers and learn to identify and analyse the most common types of stories in newspapers. We consider the notion that a picture speaks louder than 1000 words and learn how to analyse and read images. These skills can also help us determine the power of the media.

Topics include:
- A case study on Ethics and privacy issues. Hard news and soft news stories, visual images in the news media.

Assessment: 50% coursework and 50% final examination.
Prerequisite: Media Studies and Communication A.
MUSIC

Music Elective A
This subject aims to develop a fundamental understanding of Music. Students will gain the opportunity to perform in concert (solo, duo and ensemble), attend concerts, meet professional musicians and widen their music repertoire.

Topics include:
- Solo and Ensemble Performance
- Music Theory (including Music History & Music Aural)
- Individual Class (one-on-one lessons are provided to each student for an additional fee).

Assessment: 50% coursework and 50% final examination.

Prerequisites: This subject assumes students have some knowledge of musical notation. An audition and interview are required.

Music Elective B
Topics include:
- Solo and ensemble performance
- Music theory
- (including music history and music aural)
- Individual class (one-on-one lessons are provided to each student for an additional fee).

Assessment: 50% coursework and 50% final examination.

Prerequisites: Pass Music Elective A or special audition and theory test.

Music Core Performance A
This subject aims to prepare students who want to take music for a tertiary subject or degree at a university.

Topics include:
- Develop music performance skills
- Attending concerts
- Performing in concert (solo, duo, ensemble)
- Widering musical repertoire
- Meeting professional musicians.

Assessment: 50% coursework and 50% final examination.

Prerequisites: An equivalent to ABRSM or AMEB Grade 6 practical for instruments.

Audition: In person or a standard video tape or DVD.

Note: Students have the options to choose either the Con pathway or the Taylors Pathway in this subject. The students who select Con pathway will need to follow the university calendar and start their individual tuitions on a later date (about 2 weeks) than the Taylors pathway.

Music Core Performance B
Topics include:
- Develop music performance skill
- Attending concerts
- Performing in concert (solo, duo, ensemble)
- Widering musical repertoire
- Meeting professional musicians.

Assessment: 50% coursework and 50% final examination.

Prerequisite: Music Core Performance A.

PHYSICS

This subject will offer learning experiences that help students develop an understanding of physicists work. Students will be introduced to the knowledge and applications which result from the work of physicists.

Experiments form a major component of the course and are designed to develop practical skills and introduce students to new technology.

Topics include:
- Equations of motion
- Forces and Newton’s Laws
- Energy, momentum and work
- Electrotechnics and electrodynamics.

Assessment: 50% coursework and 50% final examination.

Prerequisite: Year 11 Physics or equivalent.

Co-requisite: At least Mathematics for Humanities, but Mathematics for Science is strongly recommended.

Physics B (Astrophysics, Waves and Light)

The aim of this subject is to help students to develop both practical, research and critical thinking skills. Astrophysics involves the study of the Universe and includes looking at how the laws of Physics control the motion of stars and galaxies, as well as the life and death of stars. This course adopts an integrated approach to the study of waves, considering wave theory as well as real-life applications of waves.

Students explore the use of waves in fibre optics in medical applications and communication technologies. Experiments and computer analysis of data form a major part of this subject.

Topics studied include:
- Astrophysics
- Waves and Light

Assessment: 50% coursework and 50% final examination.

Prerequisite: Year 11 Physics or equivalent.

Co-requisite: At least Mathematics for Humanities, but Mathematics for Science is strongly recommended.

IDENTITY

EXTENDED

EXTENDED ENGLISH

The English subject will be taught in modules, including attention to all four skills (reading, writing, speaking and listening), as well as grammar with extensive independent tutorial support for students with specific needs.

Assessment: 50% coursework and 50% final results.

EXTENDED AUSTRALIAN IDENTITY

This subject focuses on the human characteristics of contemporary Australian society, on the factors that have influenced the creation of an unique Australian identity and a diversity of Australian communities. The course aims to promote knowledge, skills, understanding and values regarding Australia’s physical and human environments and aspects of Australian society and its individuals, families and communities.

Assessment: 50% coursework and 50% final examination.

If you need to increase your level of English language skills in order to study an academic course, Taylors English Language Preparation (TELP) is the perfect solution.

TELP AT A GLANCE

– **Fast, effective progress in speaking, writing, reading and listening**
  The program focuses on maximising your progress in each of the four core English skills.

– **Crucial skills for academic learning**
  You will acquire skills such as examination techniques, critical analysis, note-taking and text scanning to help you learn faster and with greater confidence.

– **Personal study plan**
  Before your program, we will test your level of English and advise you on how long you need to study to reach the required level.

– **Close attention from your teacher**
  Our classes have a maximum of 18 students so your progress can be carefully monitored by your teacher.

– **Regular testing**
  Your progress will be regularly tested to help ensure you reach your full potential, with written reports every six weeks.

– **Course levels to suit your individual study plan**
  Each course is designed to help you develop the necessary skills for success.

– **No IELTS required on successful completion of TELP**
  Successful completion of the required level of TELP means you do not need to take an IELTS test before progressing to USFP or other Taylors academic programs.

– **Delivered on campus**
  Your TELP lessons consist of 25 hours face-to-face teaching per week. You will meet new friends and your teachers before starting USFP.

KEY FACTS

– **Minimum age:** 15
– **Maximum class size:** 18
– **Start dates:** TELP intakes are every five or six weeks
– **Term length:** 10-week terms throughout the year
– **Areas of study:** Emphasis on English language for academic study, with practice in note-taking, assignment writing and general study skills
– **Additional skills:** Develops intensive reading and listening skills and improves social language skills
– **Reports:** Provided to you twice a term
– **Teachers:** The TELP teaching staff are highly qualified and experienced professionals in the English as a Second Language (ESL) field
– **NEAS Accreditation:** TELP operates within NEAS standards for English Language Intensive Courses for Overseas Students (ELICOS).

2015 TERM DATES

“When I finished high school I knew I wanted to become a Geologist, that’s why I chose to study in Australia as it has a big mining industry. USFP helped me understand the Australian culture in a relaxed and international environment. Thanks to the program, I successfully entered the Bachelor of International and Global Studies at the University of Sydney, with a major in Geology.”

JOSEPH OLUWADAMILARE OSIBODU FROM NIGERIA USFP GRADUATE
Guide to minimum entry requirements for undergraduate studies at the University of Sydney for entry in 2016.

All the entry requirements and other information listed are a guide only and are subject to change. For more course information, you can visit the University of Sydney Find a Course website: sydney.edu.au/courses/

</table>

The table includes the recommended subjects for each course at the University of Sydney, categorized by faculties including Law, Music, Pharmacy, and Science. Each entry specifies the academic grade and English grade required for the course, along with the semester intake, years, and the recommended subjects for various courses such as B Arts/B Laws, B Design in Architecture/B Laws*, B Science/B Laws, B Music (Composition), B Medical Science, B Science (Advanced), and B Science/B Arts. The table also indicates the stream of study, like USFP for Social Science, USFP English, and USFP Academic, as well as the specific courses offered by the Sydney Conservatorium of Music and Sydney School of Music. The table covers a wide range of disciplines, emphasizing the diverse academic offerings at the university.

**Guide to entry qualifications**

- **M** Masters
- **B** Bachelor

**Key to Symbols**

- A & B Part A and Part B must be completed.
- A &/or B Complete both Part A and Part B or choose either Part A or Part B.
- N/A Not Applicable – refer to separate Faculty pages for details.
- NC New Course – entry requirements not available at the time of publishing.
- Mar Offered in the March semester only.
- Mar/Jul Offered in both the March and July semesters.
- # Mid year entry is available. However, students may have limited options available in Semester 2. Some courses may take longer to complete or require attendance at Summer School. Please refer to the relevant faculty for further details.
- + Combined Law students who commence in July do not commence their law studies until the March semester. While students will usually be able to complete in the standard duration listed, there are limited options available in semester 2 which may result in enrolment issues for some students.
- U+C Combination of USFP academic grade and additional selection criteria, (portfolio, audition, interview, questionnaire, STAT or other may apply). Refer to course information on the Find a Course website at sydney.edu.au/courses for more details.
- * There are a limited number of places available in this course. It is possible that not all students will be offered a place or be able to accept an offer once course capacity is reached.
- ** There are a limited number of places available in this course. Separate admission requirements apply for progression to the Doctor of Veterinary Medicine degree of the combined program. Please refer to the University’s Course Search or Find a Course website, sydney.edu.au/courses/ for more information on progression requirements.
- o Students must take at least Mathematics for Humanities for entry.
- ♦ B Arts majors include: American Studies; Ancient History; Anthropology; Arab World, Islam & the Middle East; Arabic Language & Literature; Archaeology; Art History; Asian Studies; Australian Literature; Biblical Studies; Celtic Studies; Chinese Studies; Classical Studies; Cultural Studies; Digital Cultures; Economics; English; European Studies; Film Studies; French Studies; Gender Studies; Germanic Studies; Government & International Relations; Greek (Ancient); Hebrew (Classical & Modern); Heritage Studies; History; Indonesian Studies; Indigenous Australian Studies; International & Comparative Literary Studies; Italian Studies; Japanese Studies; Jewish Civilisation, Thought & Culture; Korean Studies; Latin; Linguistics; Medieval Studies; Modern Greek Studies; Music; Performance Studies; Philosophy; Political Economy; Sanskrit; Social Policy; Sociology; Sociology and Social Policy (Double Major); Spanish & Latin American Studies; Studies in Religion. Units may also be taken from other specified faculties.
- ^ B Commerce majors include: Accounting; Business Information Systems; Commercial Law; Econometrics; Economics; Finance; Industrial Relations and Human Resource Management; International Business; Management; Marketing; Operations Management and Decision Sciences. Second major and electives may be chosen from areas above or from the Faculties of: Agriculture, Food and Natural Resources; Arts and Social Sciences; Education and Social Work; Science.
- ▲ B Health Sciences majors include: Behavioural & social sciences in health; Health system & services; Health-care science; Research & evaluation; Possibilities for a second major in Hearing & Speech or Movement Science or from other faculties such as Science, Arts or Economics and Business.
- ● B Science majors include: Agricultural Chemistry; Anatomy & Histology; Biochemistry; Bioinformatics; Biology; Cell Pathology; Chemistry; Computational Science; Computer Science; Environmental Studies; Financial Mathematics & Statistics; Geography; Geology & Geophysics; History & Philosophy of Science; Immunology; Information Systems; Marine Biology; Marine Geoscience, Marine Science; Mathematics; Medicinal Chemistry; Microbiology; Molecular Biology & Molecular Genetics; Nanoscience & Technology; Neuroscience; Pharmacology; Physics; Physiology; Plant Science; Psychology; Soil Science; Statistics.
Upon receiving a Letter of Offer and an Acceptance Form, an applicant will be asked for accepting the following terms and conditions.

I (including the parent/guardian who has signed this agreement) hereby accept an Offer made to me by the University of Sydney Foundation Program Pty Limited (trading as: Taylor’s College, hereafter referred to as “USFP”) to enrol in the USFP and/or English language course and/or courses as indicated in the Letter of Offer (“the Offer”). I agree that on acceptance of the Offer, I will undertake USFP which is to be delivered by Study Group Australia Pty Limited (trading as: Taylor’s College, hereafter referred to as “Taylor’s College” or “Taylors”). I further agree that I will be enrolled at the University of Sydney as a provisional student in the course of my first preference. I agree to pay to USFP the tuition fees and other charges applicable for my course in accordance with the payment terms detailed on the website: taylorscollege.edu.au/admissions/fees. I further undertake to pay any additional fees and such other charges as may become payable to Taylor’s during the period of my enrolment.

Taylors agrees to provide tuition to me in all subjects of USFP, provided all fees owing are paid on the due dates.

The ESOS Framework
The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia’s laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS Framework and they include the Education Services for Overseas Students (ESOS) Act 2000 and The National Code (for more information about your rights under The National Code, please refer to our website: taylorscollege.edu.au/about/rights.aspx or the following site: aei.gov.au/Regulatory-Information/Education-Services-for-Overseas-Students-ESOS-Legislative-Framework/ESOSQuickInformation/ESOSEasyGuide/Pages/ESOSEasyGuide.aspx). If you have any concerns about any of these matters after you arrive at Taylor’s College, please contact your Campus Principal.

Please note that information is collected by Taylor’s during each student’s enrolment in order to meet its obligations under the ESOS Framework. This is to ensure students’ compliance with the conditions of their visas and their obligations under Australian immigration laws generally. The authority to collect this information is contained in the ESOS Framework. Information collected about each student during enrolment can be provided, in certain circumstances, to the Australian Government and designated authorities and, if relevant, the Tuition Protection Service Director. In other instances information collected during enrolment can be disclosed without the student’s consent where authorised or required. Full details of our Privacy Policy can be found on our website: taylorscollege.edu.au/about/privacy.aspx

I acknowledge that:

1. It is a condition of enrolment that I attend all scheduled classes except where there is a legitimate reason for non-attendance (e.g. illness supported by a Doctor’s Certificate) which is acceptable to either USFP or Taylors. If the enrolment terminates due to a breach of this condition, I understand and agree that I am not entitled to any refund of the tuition fees or other charges paid under this contract of enrolment.

2. All lessons and any material related thereto supplied by Taylors is copyright and remains the property of Taylors.

3. Any unauthorised copying may constitute a breach of the Copyright Act 1968 (as amended).

4. I understand that infringement of campus rules and regulations will result in a fine, eg.:
   - Overdue library items (0.20c - $2.00 per day)
   - Lost/damaged library items, replacement fee ($10 plus cost of item)
   - Smoking in front of campus ($10)
   - Replacement ID card ($20)
   - Document processing fee for lost documents ($50)

5. I understand that I may be required to attend Taylor’s College’s organised excursions and activities as part of my course.

6. I authorise Taylors to obtain emergency medical treatment for me should such action be deemed necessary by Taylors or a staff member acting on behalf of Taylors. I agree to indemnify Taylors and USFP for any expense, loss, damage or liability of whatsoever nature occasioned as a result of authorising and arranging such emergency medical treatment.

7. I agree that I am responsible for my own books, equipment and personal items and I hereby release Taylor’s College from all liability and claims for loss or damage to such items, howsoever caused.

8. I understand that I am required to wear Taylor’s College identification at all times while on campus.

9. I understand that I must notify Taylors in writing within 7 days if I change my address or contact details.

10. I understand a Late Payment Fee (LPF) of AUSB100 per month is payable on accounts which remain unpaid 14 days after the due date of payment.

11. I understand that if after commencing the program, I discontinue my program before completion, I remain liable to pay the full tuition fee and any expenses, costs or disbursements incurred by USFP or Taylors in recovering any outstanding monies, including debt collection agency fees and solicitors’ costs.

12. I understand and agree that failure to pay the tuition fees and other charges applicable for my course by the due dates may result in suspension from the program, and cancellation of enrolment and visa.

13. I confirm that the terms and conditions of this offer have been explained to me.

14. I have read and understood the Student Grievance Policy outlined in this brochure.

15. I have read, understood and agree to the terms of the Cancellation and Refund Policy outlined in this brochure.

16. I have been informed about, or provided information on the following:
   - the entry requirements for admission into the course, including level of English language required and academic qualifications required;
   - course duration and content, including information about training and assessment methods;
   - the facilities, classroom equipment and learning resources;
   - the grounds on which the enrolment may be deferred, suspended or cancelled, and accept any conditions set out in the Letter of Offer.

17. If I am accompanied by any school-aged dependents, I will be required to pay their full fees if they are enrolled in either a government or non-government school.

18. I acknowledge that I have reviewed the cost of living expenses and the estimated total cost for tuition fees and other charges and acknowledge I have, or will have, the financial capacity to complete my course of study. Information available at immi.gov.au/students/student-visa-living-costs.htm

19. This agreement, and the availability of complaints and appeals processes, does not remove the right of the student to take action under Australia’s consumer protection laws.

Cancellation and Refund Policy
1. USFP agrees to refund within 28 days of receipt of written notice of cancellation the following:
   - the fee and any expenses, costs or disbursements incurred by USFP or Taylors in recovering any outstanding monies, including debt collection agency fees and solicitors’ costs.

2. USFP agrees to refund within 28 days of the receipt of written notice of cancellation the student, all tuition fees paid by or on behalf of the student, less the amounts to be retained as agreed and as detailed below:
   - a. 5% of the amount of fees received (pre-paid tuition fees, non-tuition fees);
   - b. $500.

3. USFP agrees to refund within 28 days of the student’s course, 50% of the full tuition fees for the student’s course.
c. No refund of tuition fees will be paid to the student if written cancellation is received on or after the commencement date of the student’s course.
d. Enrolment fees are non-refundable.

3. In the unlikely event that USFP is unable to deliver a course in full, the student will be offered a refund of the unused portion of prepaid tuition fees. The refund will be paid to the student within fourteen days of the day on which the course ceased being provided. Alternatively, the student may be offered enrolment in a suitable alternative course at no extra cost. The student has the right to choose whether they would prefer a refund of the unused portion of prepaid tuition fees, or to accept a place in another course. If the student chooses placement in another course, they will be asked to sign a document to indicate acceptance of the placement. If USFP is unable to provide a refund or place the student in an alternative course, the Tuition Protection Service (TPS) will assist the student to find a suitable alternative course at no extra cost or, as the last resort, refund any unspent tuition fees.

4. If the student withdraws from a course before commencing any study, and USFP has paid an amount to a representative in relation to their recruitment, the refund will be further reduced by that amount. The representative will be responsible for refunding that amount to the student.

Claiming a Refund
Applications for a refund should be in writing and addressed to the Admissions Centre (if you are still in your home country) or the Campus Director (if you are in Australia) according to the contact details listed on your letter of offer.

Homestay/Lodge Refunds
1. If the student cancels the accommodation booking less than seven days before arrival the Accommodation/Homestay Placement Fee (if applicable) plus a cancellation fee equivalent to one week of accommodation will be charged;
2. If the student cancels the accommodation after arrival, four weeks prior written notice of cancellation is required; any accommodation fees paid in excess of the notice period will be refunded less a 10% cancellation fee.

Airport Pickup Refunds
For cancellations less than 48 hours before arrival no refund will apply. If when a student arrives at the airport, the Airport Pick Up service provider cannot be located, the student should contact the emergency telephone number provided. In such circumstances, USFP agrees that if the student has advised us of their emergency contact that they have not been met at the airport, and alternative arrangements have not been made, then a full refund of this service fee will apply.

Overseas Student Health Cover (OSHC)
All international student visa holders must maintain valid OSHC. Taylors College will arrange cover with an OSHC provider for the duration of the visa. This is payable with the initial tuition payment. If a student chooses an alternative OSHC provider, they must provide evidence of cover for the entire study period before a Confirmation of Enrolment will be issued.
HOW TO APPLY
taylorscollege.edu.au/apply

STEP 1
Complete all sections of the Application for Admission form.

STEP 2
Attach the following documents:
– Verified copies of your academic qualifications
  (translated into English)
– Evidence of English language proficiency
– A copy of your passport, visa or birth certificate.

STEP 3
Submit your application to a Taylors College local representative or directly to Taylors College.

STEP 4
Your application will be reviewed for eligibility, and you will be notified in writing of the outcome.

TO APPLY DIRECT
Visit taylorscollege.edu.au/apply

OR
Complete the application form and return it to the Admissions Centre along with the supporting documents outlined in step two:
Admissions Centre
Level 8, 97-99 Bathurst Street
Sydney NSW 2000, Australia
F: +61 2 9267 0531
E: taylorsadmissions@studygroup.com

TO APPLY THROUGH AN AGENT
Complete the application form and return it to your local representative along with the supporting documents outlined in step two.

For a list of Taylors College authorised representatives in your country, please visit taylorscollege.edu.au/about/agent.

PACKAGE PROGRAM OFFER
You can obtain a Conditional Letter of Offer for both the University of Sydney Foundation Program (USFP) and the University of Sydney undergraduate program. This will enable you to apply for a visa for the duration of the full package program. Please contact the Admissions Centre or Taylors College to facilitate your Conditional Offer and Confirmation of Enrolment. taylorsadmissions@studygroup.com

List three subjects for the Standard Program from Group 1 and/or Group 2 on page 16, and two for Extended program. The subjects I wish to study are:

1. **Subject 1**
2. **Subject 2**
3. **Subject 3**

**UNDERGRADUATE COURSE SELECTION**

Do you wish to receive a conditional undergraduate Letter of Offer from the University of Sydney? **Yes**  **No**

Will you apply for a visa to cover the undergraduate program? **Yes**  **No**

**Undergraduate offer**

The Undergraduate course I would like to study at the University of Sydney is: (in order of preference)

1. **Preference 1**
2. **Preference 2**
3. **Preference 3**

**CAREGIVER ARRANGEMENTS**

If you are under 18 years of age, do you require the College to recommend a Caregiver?  

Yes **No**

If no, please advise the name and address in Australia of your Caregiver.

**Caregiver’s Name**

**Caregiver’s address in Australia**

**ACCOMMODATION**

Do you require assistance with accommodation?  

Yes **No**

Length of Stay (weeks): **Accommodation start date**

**What type of accommodation do you require?** 

Homestay (single)  **Single**

**AIRPORT TRANSFER**

Do you require airport transfer? **Yes**  **No**

If yes, flight details including date, time and flight number should be sent to the Admissions Centre as soon as possible to arrange the airport collection.

**OSHC DETAILS (IF APPLICABLE)**

Do you currently hold an OSHC policy? **Yes**  **No**

If yes, please provide the following details:

- **Name of OSHC provider**
- **OSHC Membership Number**
- **OSHC Expiry Date**

For your convenience, OSHC will be included automatically on your invoice unless you provide us with details of your alternative policy.

Please select type of cover you wish to receive:  

- Single  **Dual Family**  **Multi Family**

**DISABILITY**

Do you have a disability, impairment or long-term medical condition which may affect your studies?  

Yes **No**

If yes, please indicate the area/s of impairment:

- **Acquired Brain Impairment**
- **Hearing/Deaf**
- **Intellectual**
- **Learning**
- **Physical**
- **Medical Condition**
- **Mental Illness**

If you have a disability, would you like to receive advice on support services, equipment and facilities which may assist you?  

Yes **No**

**DECLARATION AND SIGNATURE**

I wish to be considered for admission to the course(s) I have chosen on this application form. I agree that where I do not meet the entry requirements for the selected course or suite of courses that I will be offered an alternative StudyGroup course. I declare that to the best of my knowledge the information supplied within this application and the documentation supporting it is correct and complete. I acknowledge that the provision of false or misleading information may result in non-acceptance of the application or immediate exclusion from Taylors College. I also understand that Taylors College is required under Section 19 of the ESOS Act 2000, to inform the Department of Immigration and Border Protection about changes to my course enrolment and any breach of my student visa conditions relating to satisfactory academic performance. I also understand that under the provisions of the ESOS Act 2000, Taylors College may release information provided in this application to Australian Commonwealth and State agencies.

Taylors College is bound by the Privacy Act 1988 of the Commonwealth of Australia. Taylors College collects and uses any personal information provided to itself in accordance with the Act. The type of information and the use and disclosure of that information without any prior approval is set out in the Privacy Policy which can be found at taylorscollege.edu.au. By signing this application I acknowledge that I have read the Privacy Policy and consent to the use and disclosure of my personal information as set out in the Privacy Policy.

**By indicating that I wish to receive a conditional offer from the University of Sydney, I agree to an online university application being submitted by Taylors College on my behalf.**

* Compulsory fee and non-refundable.
## Music in USFP: Students of the Foundation Program can choose to be taught individual instrumental studies either by teachers of the Conservatorium or by teachers at Taylors College Sydney. The cost of instrumental studies varies but in general it will cost approximately $2,730 to study with a Taylors College teacher and approximately $4,315 to study with a teacher at Conservatorium.
### This is a guide only. Actual costs may vary slightly from those listed above.

### ACCOMMODATION

| PRICE (AU$)         | Accommodation placement fee | $290 |
|---------------------| Homestay Single room (includes 16 meals per week)* | $350 |

* Students aged under 18 living in homestay accommodation will be invoiced at the time of enrolment for the period until they turn 18. Monthly instalment payment plan is available.

### OVERSEAS STUDENT HEALTH COVER (OSHC)

All International students are required to maintain OSHC for the duration of their student visa. Students are required to purchase ‘Visa Length Cover’ which will be outlined on your offer letter and payable with the initial tuition fees. Discounts apply for cover greater than 12 months. For further details on the fees associated with OSHC please refer to taylorscollege.edu.au

For the full information on our preferred provider Worldcare, please visit oshcallianzassistance.com.au

---

**Notes:**

- Current as at August 2014 and subject to change without notice. Please refer to the Taylors College website to confirm fees.
- All fees and additional costs are quoted in Australian dollars. All prices include GST where applicable.
- Payment made by credit cards (Visa, MasterCard and American Express) will attract a 2% surcharge.
