Sydney campus

Students catch-up at the front of the campus

Taylors Sydney is in a modern, purpose-built, five-storey building
Sydney
the campus

The hallways are always bustling with students between classes.
All floors are sign-posted to help you find your way around.
A courtyard at the rear of the campus, to relax and enjoy the sunshine.
Small class sizes, from 20-25 students

Teachers offer personalised, free academic tutorials for all students

Students enjoy spacious, modern classrooms and facilities

Small class sizes, from 20-25 students
The library is well equipped with a wide range of resources for students. Students can refer to past exam papers in the library to help them prepare. Students can borrow textbooks, novels, magazines, DVDs, videos and CDs for study or pleasure.
Science laboratories have modern facilities and state-of-the-art equipment. Students benefit from hands-on, practical experience. Three science laboratories for chemistry, biology, and physics experiments.
